

Listing of Claims:

Claim 1 (previously amended): A method of making a long-lasting scented paint mixture comprising:

- a) selecting a pigment suitable for use in paint;
- b) selecting a binder suitable for use in paint;
- c) selecting a suitable solvent;
- d) selecting a suitable vehicle;
- e) selecting a scenting agent of characteristics such that it will provide continued scent and odor after the paint is applied to a selected surface and allowed to dry; and,
- f) mixing or agitating the pigment, binder, solvent, vehicle and scenting agent until thorough dispersion all ingredients takes place.

Claim 2 (previously amended): The method of claim 1 whereby the pigment and selected scenting agent are mixed or agitated prior to being introduced and mixed with the binder, the solvent, and the vehicle.

Claim 3 (previously amended): The method of claim 1 whereby the binder and selected scenting agent are mixed or agitated prior to being introduced and mixed with the pigment, the solvent, and the vehicle.

Claim 4 (previously amended): The method of claim 1 whereby the solvent and selected scenting agent are mixed or agitated prior to being introduced and mixed with the pigment, the binder, and the vehicle.

Claim 5 (previously amended): The method of claim 1 whereby the selected scenting agent is mixed or agitated into the previously prepared paint mixture consisting of the pigment, the binder, the solvent, and the vehicle.

Claim 6 (previously amended): The method of claim 1 whereby the selected scenting agent is mixed or agitated with one or more additives, selected to provide certain desired characteristics, prior to being introduced and mixed with the pigment, the binder, the solvent, and the vehicle.

Claim 7 (previously amended): A method of making a long-lasting scented finish paint comprising:

- a) selecting a paint;
- b) selecting a suitable solvent;
- c) selecting a scenting agent of characteristics such that it will provide continued scent and odor after the paint is applied to a selected surface and allowed to dry; and,
- d) mixing or agitating the paint, solvent and scenting agent until thorough dispersion of all ingredients take place.

Claim 8 (previously amended): The method of claim 7 whereby the solvent and selected scenting agent are mixed or agitated prior to being introduced and mixed with the paint.

Claim 9 (previously amended): The method of claim 7 whereby the paint and selected scenting agent are mixed or agitated prior to being introduced and mixed with the solvent.

Claim 10 (original): The method of claim 7 whereby the solvent and paint have been combined to create a finish paint and then the selected scenting agent is mixed or agitated into the finish paint.

Claim 11 (previously amended): The method of claim 7 whereby the selected scenting agent and an additional pigment are mixed or agitated prior to being introduced to the paint and the solvent.

Claim 12 (canceled).

Claim 13. (original): A scented paint mixture made according to the process of claim 1.

Claim 14 (original): A scented paint mixture made according to the process of claim 7.

Claim 15 (canceled).

Claim 16 (original): The mixture of claim 1 in which said scenting agent includes cinnamon.

Claim 17 (original): The mixture of claim 7 in which said scenting agent includes cinnamon.

Claim 18 (canceled).

Claim 19 (previously amended): The mixture of claim 1 in which said scenting agent is one having insect repellent.

Claim 20 (previously amended): The mixture of claim 7 in which said scenting agent is one having citronella.

Claim 21 (canceled).
